Dear Dr. Cummings:

I am pleased to inform you that the University System of Georgia has formally recognized the Georgia Private School Accreditation Council (GAPSAC) as one of the three accrediting agencies whose decisions we will accept for admissions purposes.

Our decision follows the State Department of Education's recognition of GAPSAC.

I will insure that this information is expeditiously forwarded to the System institutions.

Please send to me as soon as possible the final version of GAPSAC's standards for accreditation as well as a list of all schools who have met the standards.

Thank you for your patience and willingness to work with us on this very important issue.

Sincerely,

James L. Muyskens
Sr. Vice Chancellor for Academic Affairs
